

Acknowledgment of Over Income Enrollment

2020-2021

Dear Parent/Guardian of _____,

By signing this Acknowledgment of Over-Income Enrollment, you are indicating that you understand that your child's enrollment has been approved for this school year (2020-2021) and for the current program option (Early Head Start or Head Start).

If your child is age-eligible to return next year (2021-2022) for NHA child development services, you understand that you will be notified up to 30 days prior to the start of the 2021-2022 school year. If your child has an IFSP or IEP, you will be notified of your child's re-enrollment as early as 120 days prior to the start of the 2021-2022 school year regarding enrollment placement.

If your child is currently enrolled in Early Head Start and he/she becomes age-eligible for Head Start, your income will need to be reevaluated, and a new Application completed. If your child is eligible, we will make every effort to place your child in a Head Start classroom based on space availability.
