

Kindergarten! ... here I come!

NOW is the time to think about enrollment options for Kindergarten and Transitional Kindergarten for the 2020-2021 school year!

If your child turns 5 years old on or before September 1, 2020, s/he is eligible for Kindergarten.

If your child turns 5 years old between September 2 - December 1, 2020, s/he is eligible for Transitional Kindergarten (TK).

There are several different school districts in San Diego County. The school district that your child will attend kindergarten or TK is based on your family's physical address. Each district will have different processes and timelines so it is important to visit the appropriate district website to get the most current information.

The following are commonalities within enrollment processes.

- Many schools are now offering enrollment both online and in person. Visit the district website to see the list of schools that offer online enrollment or simply visit your neighborhood school and ask for a kindergarten registration packet.
- Schools will have specific registration forms to complete that you will have to get from them.
- Additional documentation that will be requested may include:
 - Proof of residency
 - Copy of child's birth certificate (or baptismal certificate or passport)
 - Current immunization record
 - Current physical and dental records

Be sure to let staff members know if you need any support in determining school district of residence or other parts of this important transition process. We are here for you!
